Brandon Presbyterial.

Shortly before ten o'clock Thursday morning, though the day did not promise to be very bright, many women might have been seen wending their way to the Presbyterian church. These were delegates to the 9th annual meeting of the Brandon Presbyterial of the W. F. M. S.

The church was prettily decorated with flowers for the occasion, and the many earnest, interesting faces, showing that they were eager for the work, though not a few had driven many miles to be present at the gathering, added to the charm. The session opened at 10 a.m. The President, Mrs. McTavish, in the chair. After devotional exercises conducted by her and Mrs. Cameron, Mrs. Robertson, Portage la Prairie, read the minutes of the last annual meeting. The subject of division of auxiliaries, and whether a new Presbyterial of Portage la Prairie be formed, was then introduced and discussed. It was decided that the matter of division be laid over till next annual meeting when it was hoped the ladies would be better posted on the subject and be prepared to decide.

Roll was then called and 57 delegates were found to be present. Reports from the different societies were read, after which Mrs. McEwan gave a very instructive paper on literature, what it is and its use.

Election of officers for the ensuing year resulted in the following being chosen: Mrs. McTavish, president; Mrs. J. McLeod, Portage, Mrs. Ross, Douglas, Mrs. Carswell, Carberry, Mrs. Broach, Alexander, vice-presidents; Mrs. McEwan, Brandon, treasurer; Mrs. H. Robertson, Portage, rec.-secretary; and Mrs. J. Murray, Carberry.

Invitations to hold next meeting at Carberry and Portage were given, that to Carberry being accepted. The morning meeting closed shortly after twelve, to open again at 2:30 p.m.

It would be impossible to do justice to the afternoon session in the brief space allotted. The papers and addresses of all who participated were so inspiring and helpful and tended to stimulate a deeper interest in foreign mission work. After devotional exercises, an address of welcome to the visiting delegates, prepared by Mrs. Shewan and read by Mrs. McDonald, was responded to by Mrs. Pierson, Carberry. The report of the Cor. Socy, Mrs. Murray, Brandon, was then carefully listened to. The President's address was earnest and practical and pictured in forcible language the need of more prayer to God, that the purse-strings of His people might be loosened to a considerable extent to meet the pressing needs of the work.

Mrs. Sheriff gave a report of the Winnipeg Presbyterial, after which reports from the sister societies of the towns were read. Mrs. Bessor, from Methodist, Mrs. Smart, Baptist, and Mrs. Moor, Congregational, all conveyed in a very hearty manner the good wishes of their societies. Mrs. Hogg, Winnipeg, in a very earnest address, told of the greatness and the needs of the work, and tendered greetings from her Presbyterial. In a neat little impromptu speech, Mrs. Campbell, Winnipeg, threw out many encouragements to timid workers. Then followed a paper by Mrs. Ross, Douglas, on Sleep. It had the very reverse of a somnolent effect on her listeners, and we only wish it could be reported in full. Mrs. Laidlaw, of Portage, gave a touching and encouraging account of the Indian School there, and work among the Indians and exhibited some very neat darning and hemming done by the pupils, also specimens of their work.

Mrs. McIntyre, Brandon, read a report of Mrs. Regina school, written by Miss Nichol, one of the teachers. This was very satisfactory and pleasing.

A number of difficulties were presented in question form and satisfactorily answered by Mrs. McEwan. These various items were interspersed with music. The meeting closed at six, and the young ladies of the C.E. served tea in the class room, to the delegates and ladies of the town.

There was good attendance at the public meeting in the evening. Mr. Haig presided and conducted devotional exercises, after which a quartette by members of the choir was sung. Mrs. Smart then followed with a paper on "Woman's work for Woman," which was listened to with attention, showing as it did the many departments in which female missionaries have proved efficient. Rev. Mr. Carswell, the speaker of the evening, gave a stirring address on missions, his theme being God's Agency in Modern Missions. Rev. Mr. Woodsworth, Supt. of Methodist Missions, who was present, was invited to speak and very cordially responded. Mrs. K. Campbell sang solo before the two previous speakers and afterwards Mr. Carstairs sang most acceptably, "The New Kingdom." A collection was then taken and meeting closed with hymn, "Blest be the Tie that Binds."

School Board.

A regular meeting of the school board was held in the central school on Tuesday evening, June 4th. There were present J. A. Christie (in the chair), Sutherland, Paterson, MacLeod, Lang, Christie, Hanbury, Darrach and Fraser.

The minutes of last regular meeting were read and confirmed.

COMMUNICATIONS.

From Miss B. Hunter, applying for a position as teacher—School management committee.

From Mr. H. Bewell, tendering resignation as teacher in the Collegiate department—Accepted, resignation to take effect July 1st.

From Mr. W. H. Findley, applying for position as teacher in Brandon Collegiate department, and enclosed testimonials—School management Committee.

From Mr. Arthur Martin, applying for position as teacher—School management committee.

From Miss McLeod, asking leave of absence for month of September—Granted.

From Mr. Francis Kilgale, re-sending home of his child from east ward school on the supposition of being under age—Referred to Principal Wilson.

The following accounts were passed and ordered to be paid:

Electric Light Co.....\$ 4.00
E. Warner.....8 80
J. H. Midgley, plumbing.....10 00
C. C. Enigma, sawing wood.....7 75
H. C. Paterson.....13 00
Wm. Dods, work.....4 41

Principal Wilson submitted his report for the month of May, showing the average attendance at the public schools to have been 50 less and the average enrolment 60 less, during the past month, than for the corresponding month in 1894; also showing an increasing position, average attendance at the Collegiate during last month, as compared with May 1894. The report was adopted.

RESOLUTIONS.

Darrach—Lang, that Miss Hunter be appointed to the position to become vacant by Miss Mitchell's retirement.—Carried.

Fraser—Darrach, that a grant of \$10 be made to buy books for use of primary teachers.—Carried.

Lang—Patterson, that Mr. Findley be appointed to fill the vacancy caused by the resignation of Mr. Bewell, at a salary of \$800 per annum.—Carried.

Hanbury—Sutherland, that the teachers have one holiday for the purpose of holding a general picnic if they so desire.—Carried.

The question of fire insurance was fully discussed, and it was decided to reduce the total insurance carried on school buildings to \$54,000, the distribution of said amount among companies represented in the city to be left with the finance committee.

Mr. Darrach suggested that rules of procedure, similar to those used by the Winnipeg school board, should be adopted by the city board for its guidance and governance. As the matter was one that required full and careful consideration, it was decided to take it up at a special meeting to be called for that purpose, when other pressing business might also be dealt with.

On motion the board adjourned.

A UNITED CLERGY.

WITH ONE CONSENT CLERGYMEN OF LEADING DENOMINATIONS SPEAK IN HIGH TERMS OF DR. AGNEW'S CATHARIAL POWDER.

In matters of doctrine and creed, the clergymen of the various religious denominations will differ. It has been said, however, that in this day the trend of religious thought, through all denominations is towards union on the main essentials. It is certainly the case that the clergy seem well of one mind regarding the merits of Dr. Agnew's Catharial powder. In the Episcopal church the Bishop of Toronto, B. Rev. A. Sweetman, D.D., D.C.L., the Rev. John Langtry, D.D., D.C.L., and the Rev. W. R. Williams, names familiar to everyone, have spoken in warm praise of this excellent specific for cold in the head or catarrh. This medicine has been used in the homes of Rev. A. H. Newman, D.D., L.L.D., Rev. T. T. Carter, B.A., and Rev. W. M. Clarke, B.A., prominent members of the faculty of McMaster University, and like their Episcopal brethren they say good things of it. A kindred opinion has been expressed over their own signatures by leaders in the Methodist church, like the Rev. A. S. Chambers, L.L.B., Rev. William Galbraith, L.L.B., and the Rev. W. H. Withers, D.D. Just as heartily the Rev. S. Nicholls of Olivet Congregational Church, Toronto, writes of this medicine, and so the list might be extended.

One short puff of the breath through the higher supplied with each bottle of Dr. Agnew's Catharial Powder diffuses this powder over the nasal passages. Painless and delightful to use it relieves in ten minutes and permanently cures catarrh, hay fever, colds, headaches, sore throat, tonsillitis and deafness. 60 cents. Sample bottle and how to use on receipt of two 3-cent stamps. S. G. Detchon, 44 Church Street, Toronto. Sold by N. J. Halpin.

SOURIS RACES.

The following are the results at our sister town last week:

Open pony, half mile—Remington won, Bella 2nd, 8 to 3 to 1.

2:35 trot—Maud Sprague won, Billy R. 2nd, Ray Billy 3rd.

Open half mile, running—Wellgate won, Lady Betty 2nd.

Three minute trot—Billy the Kid won, E. G. F. 2nd, Free Trade 3rd.

Local run—Storm won, Riley 2nd, Nature 3rd.

This ended the first day's races.

Local pony race, running—Storm 1st, Daisy 2nd, Billy White 3rd.

Three quarter mile, running, heats two in three—Wellgate 1st, Twilight 2nd.

2:35 trot—Red Hot 1st, One Eye See 2nd, Billy 3rd.

The local trot is under protest. This finishes the fourth annual meeting of the Souris Turf Club.

FLOOD VICTIMS.

Odenburg, June 9.—It is now known that forty-two persons perished in the flood at Koberdorf and at least thirty persons are missing. Koberdorf is a Hungarian watering place near here and the floods were so sudden that in many instances all avenues of escape were cut off. There is great distress among the peasants in the flooded districts. Telegraph wires, roads and bridges have been swept away in many cases and the flooded districts are extremely difficult of access.

Berlin, June 9.—Further reports of the disastrous storms in the vicinity of Wurttemberg only add to the horror of the first accounts of devastation. The latest devices describe the country as being transformed into a veritable desert. The king of Wurttemberg has gone to the scene and has ordered that the necessary assistance be given to the suffering peasants without delay.

A WHOLESALE MASSACRE.

London, June 9.—A special dispatch from Shanghai says that it is almost certain that a massacre of all the persons connected with the English, French and American missions at Cheng Tu has occurred. Neither men, women nor children have been spared, according to the report. It is admitted that the telegrams have been intercepted by the government, the object being to conceal the news of the massacre. A French gun boat is enroute to Wue Chang to investigate the report.

A GENEROUS OFFER.

(Published by Request.)

DEAR MR. EDITOR.—Will you kindly inform the readers of your valuable paper that I will gladly send FREE to any sufferer from lost Manhood, Nervous Debility, Night Losses, Varicose Veins, Impotence, and the results of youthful folly, particulars of a simple and inexpensive means of self-cure which after being humbugged and imposed upon for years by quacks and patent medicine sharks, cured me in a few weeks. I have nothing to sell or give away, nor am I advertising any patent medicine business, but will be pleased to hear from any sufferer anxious to find a cure for his complaint, to whom I will explain confidentially how and by what means I was cured. Hundreds have been cured through my advice. Costs nothing to learn what I have hundreds of dollars to find out. Address confidentially and send stamp if convenient.

Invaded by Insurgents.
Bands of insurgents from the province of Puerto Principe have been invading the province of Santa Clara. General Higue is concentrating his troops at Sancti Spiritus, North Trinidad, in the province of Santa Clara. Col. Hize, in conjunction with Major Amunin, who has been in pursuit of insurgent bands has had an engagement with insurgents at Limonar. The insurgents left two dead and ten saddled horses on the field. Captain General Martinez de Campos has arrived at Sancti Spiritus, where he met with an enthusiastic reception.

Major Amunin in pursuing the insurgents encountered a band of the latter at Enterre, Puerto Principe, and opened fire upon them. The enemy retired and left fifteen saddled horses in the hands of the troops. Major Terrier, while on his way to Puerto Principe, at the head of a detachment of troops encountered a band of insurgents proceeding in the same direction. A skirmish followed and the insurgents ran away, leaving their dead, a quantity of arms and five horses behind them. The insurgent band, commanded by Maceo, has burned the village of Sevil, near the mines of Jaracua, Santiago de Cuba.

Lord Douglas Married.
Lord Sholto Douglas and Loretta Adis Hattersfield, a variety actress, were married recently at San Jose. It cost Lord Douglas three dollars to be married, that being the fee charged by the justice of the peace, who performed the ceremony. Douglas gave his bride away their ages as 22 and 18 respectively.

HAYWARD BREAKING UP.

The Loneliness of His Prison Cell is Telling Upon Him.

At last something has been found, says the Minneapolis Journal, which touches Harry Hayward in such a way as to impress upon him the fact that he is subject to the same laws as the rest of mankind. That one thing is solitude. Since Fisher and Williams have been removed from his companionship, Harry has begun to realize something of the solitude that will soon come to him. The visits of his father, mother and brother and Father Cleary have done something to relieve the tedium of the hours, which drag in spite of the fact that Harry can hear what is going on in other parts of the cell.

As the time goes on Harry is becoming more and more of a study to psychologists. His magnificent physique and equanimity of manner have given him a reputation for "nerve" which he himself stoutly disclaims. When talking with newspaper men shortly after the sentence was pronounced condemning him to the gallows, he said:

"Think of my nerve. I don't see that I have any particular nerve, and going along in the same old way. I don't have to do anything to do that, I am sure, and I am not losing my flesh over it."

His statement was apparently true. It required no exertion on his part to maintain the unruffled demeanor, which, with a single exception, has characterized him during the trial. It has been stated a good many times during the awful strain of that trial that Hayward was without any sense of moral responsibility; that in that one respect he was an anomaly and not a normal human being. While he and his attorneys were trying to prove that Andy Hayward was insane, there were many who, viewing the wonderful coolness which never deserted the prisoner, were impelled to say, "It's Harry that's crazy, if anyone is."

A gentleman who is intimately connected with the Haywards, and who has known and watched the prisoner closely since his arrest and imprisonment, said recently: "I think that there is but one Harry Hayward in the world, and that man is the one within those gray stone walls at the county jail."

In spite of all the damaging evidence which was adduced against him, enough to condemn a dozen men; in spite of the fact that Eliot, with no possible motive for throwing the blame on Harry except revenge, and with no cause for that, had admitted that he himself had fired the fatal shot, Harry still persists, with the most apparent candor to say that "they will never get a confession from me, because I have nothing to confess."

And that will be true. Harry Hayward will never confess. It is extremely doubtful if he ever feels any moral responsibility in the matter. He is essentially selfish, has always administered to himself, and indulged himself in anything that came into his hands. He has many men it is a question whether he even so much as thought whether he was doing right or wrong.

FROM THE BAYOUS.

An Expedition to Aid the Cuban Insurgents—Marti is Surely Dead.

The government authorities have information of an expedition from Dauphin Island and other places in the Bayous of the Mississippi river, which is being fitted out with considerable armament for the aid of the insurgents at Havana. The United States authorities at Washington and the Spanish legation there have been notified and are informed of all the movements of the expedition and the names of the ships in use. The authorities also have information on some suspicious movements about Mobile, Alabama.

In reply to direct inquiries the acting captain, Gen. Andrus, says there is no truth whatever in recent reports that Jose Marti is still alive. He says the reports that Marti is alive being circulated by Cubans for the express purpose of keeping up the courage of the people interested in the expedition now rendezvousing at Dauphin Island.

Maceo's band of insurgents have burned the sugar plantation of Victoria belonging to the heir of Mr. Colas, of California, and they have also destroyed by fire the sugar plantation of Reconensa belonging to the estate of Signor Jose Buono, in Tunisi.

The police of Santiago de Cuba captured two prisoners belonging to Maceo's band, who were found to be in possession of documents connected with the Cuban committee of New York. A dispatch from Guantanamo, Santiago de Cuba, announced the surrender of forty-nine insurgents at that place and at Santa de Taname, in the same province, an additional band of forty-five dispirited insurgents, it is stated, has given itself to the authorities who are awaiting more desertions. The troops stationed at Jiquilabo have had a skirmish with the insurgents, who lost two killed, and another encounter took place at Salanillo, on the road to Santiago de Cuba, and not far from Jiquilabo. In the latter encounter the insurgents were dispersed with one of their number killed. Volunteers from Altosongo have had a brush with the insurgents at Barait and the enemy retreated, leaving a number of saddled horses behind. At Jabo and Arroyo Naranjo, bands of insurgents have been surprised by the troops and compelled to retreat, leaving four dead on the field. Outposts from Palmar were attacked near Siguan and the enemy lost two killed. One prisoner and a quantity of arms were captured.

They Paid the Penalty.

Three murderers were hanged at San Quentin recently. Five men were to have been executed, but governor Bodie granted reprieves in the cases of Fremont Smith and Rice Morocco. The three men who suffered the death penalty were Patrick Collins, Amelio Garcia and Anthony Azoff. Collins stabbed his wife to death because she would no longer give her earnings to him to buy liquor. She was employed as janitress in a kindergarten. He followed her into the school room and slashed her mercilessly with a knife. Amelio Garcia was killed Len Harris, a Southern Pacific detective. Azoff was a highwayman. He had robbed a railway station agent, and the detective had traced him to Boulder Creek, where Harris attempted to place him under arrest. Azoff drew a revolver and shot him.

CARLETON CO. MIRACLE.

BACK TO HEALTH AFTER YEARS OF EXTREME SUFFERING.

Yielded to the Advice of a Friend and Obtained Results. Three Doctors Had Failed to Cure.

From the Ottawa Journal.

Mr. George Argue is one of the best known farmers in the vicinity of North Gower. He has passed through an experience painful as it is remarkable, and his story as told a reporter well perhaps be of value to others. "I was born in the county of Carleton," said Mr. Argue, and have lived all my life within twenty miles of the city of Ottawa. Ten years of that time have been years of pain and misery almost beyond endurance. Eleven years ago I contracted a cold which resulted in pleurisy and inflammation of the lungs. Other complications then followed and I was confined to my room for five years. The doctor who attended me thought that long illness was the reason I was unable to move about was due to the contracting of the

2. COULD HOBBLE AROUND ON CRUTCHES.

muscles and nerves of my hands and feet through long confinement to bed. I could hobble around a little on crutches, but as well might helplessly. At this stage a second doctor was called in who declared my trouble was spinal complaint. Notwithstanding medical advice and treatment I was sinking lower and lower, and was regarded as incurable. I was now in such a state that I was unable to leave my bed, but determined to find a cure if possible, and sent for one of the most able physicians in Ottawa. I was under his care and treatment for three years. He bled me back every three or four weeks and covered all his skill but in vain. I was growing weaker and weaker, and began to think the end could not be far off. At this juncture a friend strongly urged me to try Dr. Williams' Pink Pills. I yielded to his solicitations, and by the time six boxes of pills were used I found myself getting better. I used in all thirty boxes, and they accomplished what ten years of treatment under physicians failed to do. Thanks to this wonderful medicine I am able to leave my bed, and am as free from disease as any man in ordinary health is expected to be. I still use Dr. Williams' Pink Pills and they are the medicine for me, and as long as I live I shall use no other. If I had not got these pills ten years ago, I am satisfied that I would not have suffered as I did, and would have saved some hundred of dollars doctor bills. It is only those who have passed through such terrible sieges as I have done, who can fully realize the wonderful merit of Dr. Williams' Pink Pills."

Mr. Argue's experience should convince even the most skeptical that Dr. Williams' Pink Pills stand far in advance of other medicines, and are one of the greatest discoveries of the age. There is no disease due to poor or watery blood or shattered nerves, which will not speedily yield to this treatment and in innumerable cases patients have been restored to health and strength after physicians had pronounced the dreaded word "incurable." Sold by all dealers in medicine or sent by mail post paid, at 50 cents a box or six boxes for \$2.50 by checking the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y. Refuse imitations and do not be persuaded to try something else.

Scene at a Wedding.

An extraordinary scene took place at a marriage in London, Eng., recently. The contracting parties were Theodore Brinkman, son of Sir Theodore Brinkman, and Miss Linton, stepdaughter of Lord Aylesford. Mr. Brinkman had been previously married, but his wife secured a divorce from him a year after the divorce decree was granted. When the organ man read the passages in the service, "If any man can show just cause why they may not lawfully be joined together let him speak now or else hereafter forever hold his peace," an English church clergyman, who is commonly called "Father Black," attempted to read his reasons for objecting to the nuptials, namely, that the groom had a canonical wife living. The officiating clergyman at first went on with the service, but the interruptions became more pronounced. He turned to Father Black and said: "Sir, I am here by the Bishop's mandate, and I refuse to hear another word from you." Father Black still interrupted while the spectators shook their heads threateningly at him and cried "shame," "disgraced!" The multitude evidently sympathized with the pretty bride, who plainly showed her embarrassment. Father Black was hooted and hissed as he drove away.

NOT YET SETTLED.

Formosa is Not Yet Reconciled to the New Order of Things.

Advices from Formosa indicate that chaos is rapidly becoming the order now that the Japanese troops have reached Taipei and established headquarters at that point. The natives of Formosa are submitting readily to the rule of the Japanese. The Japanese losses during the military movement in occupying the island amount to only eight men. The Chinese carried away millions of dollars worth of property from the Chinese for a result of the fighting. The German gunboat Itis replied to the bombardment from the fortifications on the Formosa shore and the native gunners deserted their positions. The forts were quickly silenced. According to all reports no natives were killed by the cannonade of the Itis.

HILL IS ORIGINAL.

Plan for Exporting Immense Quantities of American Flour.

James J. Hill, president of the Great Northern, while in Seattle recently spent most of his time in conference with Woe Gen, Seattle manager of the House of the Wee Chong company. Hong Kong, and made searching inquiries respecting the position of the Chinese toward flour as an article of food. Woe Gen was of opinion that if flour could be laid down in China for 62 cents per sack of fifty pounds, it could be sold at a profit of 75c. by dealers and compete with rice. He thought if the great masses of Chinamen began to use flour they would not go back to rice, and if it could be placed within reach of the laboring classes a demand would be created so large that all the flour mills of the Pacific coast could not supply one-third of the calls made on them. Hill's idea is to carry flour so as to give it to the Chinese at 13 cents per pound and bring return cargoes of rice so as to supply the markets here at half a cent per pound. He wants to be assured of a permanent market before taking up the enterprise, and says if the Great Northern does put on a line of steamers they will be the largest and best possible to be obtained. The question of a terminal at lowest rate at which flour can be placed on the ships, Seattle, he says, will be the place, provided one condition be fulfilled. This is understood by the shippers of Seattle as indicating that that place will have terminus providing the Asiatic line is set up.

SEEKING A DIVORCE.

The Wife of James J. Corbett is Determined to Get Free From Him.

It is reported that Jim Corbett has been sued for divorce by his wife. Papers were served a few days ago. Her maiden name was Alice Lake, and she was a student at the state normal school, San Francisco. She ran away to marry Corbett when he was in jail Lake City to fight with Danen McDonald in 1888. Both Corbett and his manager refuse to discuss the matter.

That Mrs. J. J. Corbett will sue her husband for absolute divorce now seems to be secured beyond a doubt. Mrs. Corbett is completely prostrated by the trouble she has been caused by the circumstances which led to the institution of the divorce proceedings and could not be seen at her residence in the city. Her father, Mr. Lake, said: "My daughter is very ill, indeed, and very much worried. She visited her counsel, Howe and Hummel, recently about the matter. I can't say whether the suit for a divorce has been commenced, but if not, it will be immediately. Jim is quite crazy. That is certain. He has not been himself at all for some months. The woman who will be named as the co-respondent in the action, has got such a complete nervous over him that he does not know what he is doing. He brought her to the city only a short time ago and they stayed at the same hotel for three weeks. I don't know the woman's name, but my daughter has told me that she belongs to Chicago. Mrs. Corbett has refused to give any particulars about the business, as she said that she does not wish to pain me. The matter is in the hands of Howe and Hummel."

Ball Telephone Co. Bonds.

Six hundred thousand 5 per cent bonds have been issued by the Ball Telephone company. Of these some \$388,000 were taken by the holders of the old bonds in exchange, and the balance were offered for sale to public tender. Now all have been placed, the maximum price realized being 105.

ALMOST CRAZY.

SUFFERING FROM CONSTIPATION.

Expected to be in the Asylum—After all Other Remedies Failed B. B. B. Made a Perfect Cure, Restoring Robust Health.

GENTLEMEN.—To say all I ought to in favor of B. B. B. would be impossible. It has been a great health restorer to me, and I do swear by it. I am a different man now to what I was ten years ago when it was expected I would be in the asylum, but now I am in perfect robust health, and it was B. B. B. that did it. I suffered for five or six years from constipation, sometimes so severely that I went out of my mind. I tried various doctors, both in the country and in the city, and took medicines too numerous to mention, but everything failed to have the desired effect. When I used Burdock Blood Bitters, however, it succeeded beyond all expectation, requiring only two bottles to cure me. To make it more certain that B. B. B. is the real cure for Constipation, I may say that some two years afterwards I felt the symptoms returning and took one bottle more, and from that time to the present day (over eight years) I have never had any return of the disease. I never knew any medicine to work so well. It does not seem to be a mere reliever but a sure and certain cure, and is a restorer for hundreds of dollars worth of medicine and advice failed to do me any good, but three dollars' worth of B. B. B. made a permanent cure that has given me years of health and comfort.

Yours truly,
C. L. KILMER.

If the Times people will only call around with a little of their surplus cash, we will sell them the old file of their paper from which we are now quoting. It will be of more substantial value to them than the subscription list of The Mail they profess to have bought.
A good evening story comes from Virden. Recently a stranger visited the town and became quite popular giving the boys cigars. His next adventure was to try his bicycle, but showed himself to be a very indifferent rider until he got hold of the best "bike" in the party. On that he speedily turned the corner and has not been seen since.
The Brandon Machine Works are very busy these days fitting up choice factories for the surrounding country. In this special department of the manufacture Mr. Allan is proving himself the genius his acquaintances long knew him to be, and the other operatives of the institution are leading a good second.
W. S. and Eugene W. Cleveland, who live at the Brandon Hills, are happy men these times. For some four years they have been considering a question, that has puzzled engineers and mechanical men in general, the means of overcoming the back resistance of steam in cylinders, so as to get up greater speed at a saving of fuel, and they think that with the assistance of the mechanical ability of Mr. Allan in the Brandon Machine Works they have accomplished the object of their diligent research and careful thought. As it would require a mechanical man to understand the ins and outs of the improvements, we will simply say that an altered cylinder and a few other attachments will enable the improvements to be attached to any engine stationary or otherwise, and the intensified speed acquired with the economizing of fuel meet the test.
The inventors say that with their new attachments a speed of 100 miles an hour on a railway can be readily achieved as 50 now, that in fact speed is limitless, and fuel saved. Should the discovery turn out a success, as it doubtless will, it will be employed by all users of steam, and make a fortune in a few years for the inventors. They are, of course, securing patents everywhere. Too much praise cannot be given Mr. Allan for the diligence and skill he employed on the contrivances to bring them to their perfection. They are now exhibited on an engine running any day at the foundry here.

The Methodists are building a new church at Delcan.
Six of Brandon's best horses are entered for the races at Grand Forks.

The officers of the Brandon Industrial School for the care of Indians are now all appointed. The Rev. J. Semmens (Methodist) has got the principalship and he is now on a trip up the far north country for his pupils. Dr. Spencer, Surgeon; H. W. Todd, farm instructor; N. Jarvis, teamster; Miss I. Mitchell, seamstress, and H. Quackenbush, carpenter.
Blood appears thicker than water even at College exams. There is no doubt but that had fair play been given Miss McKinnon and Miss Kyle both of the Brandon Collegiate would have carried the honors in their respective classes, but then the examiners college men could not allow such things to leave the hands of college students.
Even innocent amusements are not without their dangers, as Mr. John Griggs, of Alexander, who recently came to this city to take a course in the collegiate, found out while playing football Tuesday evening. By an accident he broke his leg. He was immediately removed to the hospital and placed under the care of Dr. Fleming. The young man is doing as well as can be expected.
Quite an outfit of Dakota farmers arrived in the city on Thursday and continued en route for the Lake Dauphin district next day. These men have become dissatisfied with their North Dakota farms and go to Lake Dauphin in the hope of bettering their positions. Should they find things as they expect they intend to return to Dakota and after getting their grain harvest start for Manitoba with their families and all their movables and become permanent settlers.
The agents of the Dominion Express Co. are now issuing money orders at all offices which must prove a great convenience in remitting small sums, as the checks are negotiable at banks, stores and all business institutions as a gold dollar, and the rates are low, as follows:—\$5 and under 5c, \$5 to \$10, 8c, \$10 to \$20, 10c, \$20 to \$50, 12c, \$50 to \$80, 15c, \$80 to \$50, 18c. Mr. H.F. Maley at the C.P.R. depot is the agent at Brandon.
Poor old John Wench has succumbed at last. About three weeks ago he was taken to the hospital where he lived between hope and fear until Monday evening when he breathed his last, aged 85. The deceased had been a resident of the place for about 14 years, and spent most of his time selling papers, magazines and books. He was a very intelligent old man, honest and straightforward as a man could be, and commanded the respect of all acquaintances. He had no relatives in here to his knowledge, and willed his little property on the corner of 12th St. and Rosser, to a relative in the old country.

but removing to more commodious premises. Six (6) years on the corner of 9th Street and Rosser Avenue.

\$420,000.00 Worth of Goods turned over during this time. One of the most successful businesses in the City of Brandon or in the province of Manitoba, and the steady increasing growth of our business forces us to seek larger premises. Therefore this will be our last week in our present store when we will remove our stock across the street to the McDiarmid Block where we have made arrangements to have the finest Dry-Goods and Clothing establishment in the Province, excepting one only, in the City of Winnipeg.

Our name has spread far and wide, as being at the top of the ladder for Fine Goods, Assortment of Stock, and Values Unsurpassed. We have for the past 6 years in our present premises, stood the blunt of many drawbacks in the way of business such as failures and short lived opposition, parties making Brandon a centre for disposing of bankrupt stock etc. What has been the foundation of our success? Sound principles, honorable dealing giving the public Good Goods at Fair Prices—up to date in all that the trade demands, never shirking from what is just and right, and what is to be for the benefit of both buyer and seller. We will occupy the two (2) large stores in the McDiarmid Block. Alterations are now being made, and the two (2) stores being made into one, which will give us 52 feet width, by 55 feet length and two lifts.

For the balance of the month we will give some wonderful drives in the prices of Dry Goods, Carpets, House Furnishings, Clothing and Gent's Furnishing Goods. We must reduce the stock as much as possible, and we would call the attention of the public to the bargains that may be secured at our present store, for the balance of the month—bargains that will please and astonish the keenest buyer. No room to quote price, but do not fail to call and avail yourself of the present grand opportunity.
